Agri. Sub Inspector

The Agriculture Development Officer (ADO) is a primary worker. His work is supervised by the Agriculture Officer. At district level, all the programmes are implemented under the supervision of Chief Agriculture Officer (CAO). The Joint Director's of Agriculture (JDA) look into specific programmes/ works allotted to them, under the overall supervision of Director of Agriculture, Punjab. The Director of Agriculture at state level and Chief Agriculture Officer at district Level, supervise the various activities of the department.
