

## **Soil**

Under Soil-reclamation scheme, 1186 tons Gypsum was distributed among the farmers on 50% subsidy (Rs. 5.63 Lac) during the year 2006-07.

Jantar seed was supplied to farmers under Green-Manure scheme to improve Soil Health.

A subsidy of Rs.7.0 Lac. was given to farmers during the year 2006-07 in form of specialized machinery so that crop residue can be incorporated in soil to improve soil health.

For improving soil health Small Vermiculture units were also started under supervision of the Department of Agriculture.
